Ad Tip: There are over a dozen ways that you can create an ad to get people to call about your business!

Ad Tip: Remember that an ad should only be 3-4 lines! Test the first ad in an average size daily newspaper for 3 days. Place the ad for Sunday, Monday, and Tuesday. We recommend not spending more than \$50 to \$75 while testing to see how it does.

Ad Tip: Don't spend all your money on one test ad. If it fails, you will become depressed, and less likely to keep trying different ideas. We know this because we've seen it time and time again. It would be a waste of time and money if you try just one ad and then quit testing. There are many possible ad variations you can test.
